

Parker Hardscapes Fact Sheet

Parker Hardscapes is an outdoor building supply company that specializes in non-perishable landscape products for the home, including pavers, retaining walls, stone, water features, barbeques and fireplaces. Its headquarters is located in Reno and features a comprehensive product showroom and outdoor design center that allows customers to view and compare all product styles, colors, as well as functionality.

A 2.5-acre distribution yard located behind the Parker Hardscapes' site, allows customers to literally purchase, pick up, and leave with their products, without having to drive to a separate lot to pick-up their purchase. The company has strategically partnered with Belgard, the largest hardscape manufacturer in the world, and the only hardscape manufacturer with a research and development department ensuring Parker Hardscapes' customers are purchasing the most innovative products available today. Homeowners, contractors, architects and engineers choose Parker Hardscapes for a range of innovative landscaping products and services from landscape design and product selection, to assisting with contractor bids.

SERVICES:

Parker Hardscapes provides a comprehensive one-stop shop for any landscape project including:

- **Design:** Preliminary planning, consultation and design for all aspects and sizes of construction projects from homeowners to commercial-size projects. Each design is customized and created with high-impact graphics so the homeowner or contractor can visualize the finished product.
- **Products:** A comprehensive selection of masonry hardscaping products, landscaping materials, tools, aggregates and cement products are available at one location. Among Parker Hardscapes top-selling items include pavers, retaining walls, and Bubbler water features.
- **Installation:** Experts are available to show homeowners how to "do it themselves" or installers are available to professionally install any of the products Parker Hardscapes sells.
- **Estimates:** Parker Hardscapes offers free estimates on any project, no matter the size.
- **Event Venue:** Parker Hardscapes outdoor exhibit space is ideal for special events, business networking programs, receptions, mixers and social gatherings.

PHILOSOPHY:

Parker Hardscapes' customer service philosophy is built on quality, service and integrity. The goal is to deliver superior products, quality, productivity, operational efficiency, value and aesthetics to every customer, every day.
