# WHY BELGARD®?

Our purpose is to make outside your kind of beautiful. This goes beyond turning creativity and craftsmanship into lasting outdoor spaces. It means bringing your vision to life, together. Because with Belgard, you get more than just beautiful products, you get a partner to help you every step of the way.

**INSPIRATION.** Ignite your creativity with our online visualizer tool—designed to help you explore and experiment with different styles and design principles.

#### Visit: Belgard.com/Seeit

**EXPERTISE.** Our network of Belgard Authorized Contractors are ICPI\* trained and must pass specific Belgard requirements to deliver superior craftsmanship, ensuring your outdoor space features only the most contemporary work. \*Interlocking Concrete Pavement Institute

#### Find a contractor: Belgard.com/Locator

**PEACE OF MIND.** Not only do we stand behind our products with a lifetime limited warranty, but Belgard is also the only hardscapes company backed by the Good Housekeeping Seal for quality and assurance.

#### Visit: Belgard.com/GHseal and Belgard.com/Warranty

**FLEXIBILITY.** We offer same-as-cash financing options and payment plans to help you realize your vision on your budget. Belgard Preferred Payment is available through select Belgard Authorized Contractors and Dealers.

Start Dreaming

Belgard<sup>\*</sup> is a place where the outdoors is always beautiful. Where the smiles never stop. Since 1995, our locally made and nationally backed products have transformed thousands of properties across North America.

## NEW & INNOVATIVE PRODUCTS

Noon (For full product details, see page 88) Daylight

#### NOON, MIRAGE® PRODUCT

With the appearance of reclaimed wood, the Noon family of porcelain pavers truly brings the inside to the outdoor living space. Available in four colors and two plank sizes, Noon is available to be mixed and matched to create a distinctive outdoor environment.

#### MEGA-LIBRE®

Mega-Libre® offers the irregular edges and natural looking profile of flagstone without the need for cutting. With its dimpled surface and unique color blends, Mega-Libre is the perfect stone for no detectable pattern.

Mega-Libre (For full product details, see page 64) Toscana

#### MELVILLE™ PLANK

Melville Plank has a modern and contemporary look, featuring smooth textures and clean lines. The new plank system offers design flexibility due to the multiple modular sizes. The plank offering is available in two widths to provide a varied, yet fashionable, appearance.

Melville Plank (For full product details, see page 66) Special Order Custom Color

## NEW & INNOVATIVE PRODUCTS

Tandem Wall (For full product details, see page 110) Aspen

Belair Wall 2.0 (For full product details, see page 102) Toscana

#### TANDEM® WALL (SHOWN ABOVE LEFT)

A revolutionary, new wall system that provides the appearance of natural stone and will complement any hardscape. The innovative, versatile Tandem Wall system can be used to create attractive curved or straight retaining and freestanding landscape walls.

#### BELAIR® WALL 2.0 (SHOWN ABOVE RIGHT)

Featuring a classic hand-cut stone appearance, the BelAir 2.0 wall system provides elegance for any setting. BelAir 2.0 is ideal for both retaining and free-standing walls.

#### BORDEAUX<sup>™</sup> MIDNIGHT (SHOWN OPPOSITE)

The Bordeaux line of outdoor living elements features a natural stacked-stone design fireplace, grill island and a brick oven. The Midnight Gray accents provide a modern and contemporary feel while complimenting existing color palettes in any outdoor space. Bring living outdoors with the Bordeaux product line and make outside your kind of beautiful.

Bordeaux<sup>™</sup> Series (For full product details, see page 126) Sienna & Midnight

#### ECO DUBLIN®

Belgard® brings the classic look of cut stone together with permeable technology in Eco Dublin, the latest addition to our Environmental Collection of permeable paver systems. Permeable Pavers allow the movement of stormwater through the surface, reducing runoff and improving water quality by filtering pollutants.

Eco Dublin (For full product details, see page 77) Toscana

#### MODULINE SERIES® PAVERS (SHOWN ABOVE LEFT)

Belgard's Moduline series was developed to create the ultimate in pattern versatility. All units are based on imperial 3-inch or 4-inch dimensional increments and have a raster / footprint that is exactly as specified, allowing all series pieces to fit together as intended. Add to this the various aesthetic elements - including colors and textures - that are available to create unique patterns, accents, highlights and borders, and the possibilities are truly endless.

#### SHELTON WALL™ (SHOWN ABOVE RIGHT)

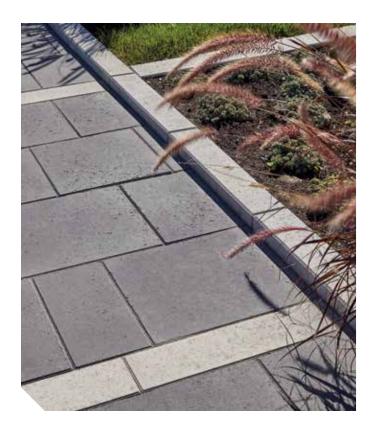

Belgard® Shelton Wall System is a versatile, multi-piece wall system with multi-dimensional character. This system can be used to create a retaining wall and a double sided or freestanding landscape wall. The variations in unit dimensions allow for the greatest degree of random layout. Each unit can be used in multiple positions within the wall, thereby decreasing total installation time. You can also extend or retract units during wall construction to create shadowed effects.

#### WESTON FIRE PIT KIT

The flexibility of Weston Stone is unmatched. Its natural stone appearance allows for a wide range of applications and design options. This double-sided wall is the ideal choice for fire pits.

Weston Fire Pit Kit (For full product details, see page 131) Victorian

#### MELVILLE™ CURB

Melville curb is the perfect complement for oversized slabs and pavers. With its unique length and sleek design, it gives your outdoor landscaping an elegant and modern look.

Melville Curb (For full product details, see page 120) Special Order Custom Color

## BORDERS & BANDING DESIGN IDEAS FOR A ONE-OF-A-KIND SPACE

Visually appealing designs and accents can add interest and depth to your outdoor living area—delineating and defining your space or sections within it. Depending on your personal desires, you may use complementary or contrasting elements to make your space distinctively yours.

## Complementary COLORS & TEXTURES

Use pavers of complementary colors and textures to create a coordinated, harmonious outdoor space. Lighter tones open up an area, while darker ones make a space feel smaller and more intimate. Add depth to your space by blending pavers of similar tones. Pair pavers in the same style for complementary textures that define outdoor sections yet offer a smooth transition from one area to another.

## Contrasting COLORS & TEXTURES

Combine pavers of contrasting colors and textures to create an intricate and aesthetically appealing design. Define your space by using dark paver colors to line an area of light color, or vice versa. Add depth with contrasting textures. Use pavers of different styles to pair contrasting textures to accent your outdoor area and add visual appeal.

For more design and accent ideas visit: Belgard.com/accents

## OUTDOOR KITCHENS & FIRE FEATURES

1, 11 1

**Brighton Fireplace** (page 128) Gascony Tan & Ashbury Haze

Delaxation Made Simple.

Make the outdoors a little cozier with Belgard's collection of modular pre-built outdoor kitchens and fire features. With our pre-assembled tailored designs what you see is what you get, nothing is left to chance. The modularity of the system also allows for a quicker and cleaner installation process, which means you'll be cozied up by the fire by nightfall.

place the fire pit in relation to your house or other structures. The fire pit should sit on a firm, non-combustible base, such as 6" of compacted gravel.

FIRE PIT KITS INSTALLATION INSTRUCTIONS

Dig a hole at the center point approximately 12" wide by 2' deep and fill it with crushed stone. The hole acts like a sump to drain rainwater, ashes and soot.

department. There may be restrictions on open fires or requirements as to where you can

Before you begin, check the building code in your area and with your local fire

Use the insert as a guide to lay out the first course. Place it on the ground and position the block around the frame. Set aside the ring.

Position the second course by offsetting the joints from the block in the row below. For a uniform inside diameter, plumb the units to the back of the block. Repeat this for the remaining courses until you have reached the desired height.

ROUND: 4 courses - 72 pieces of Weston Stone 3-piece Modular - 24 of each size

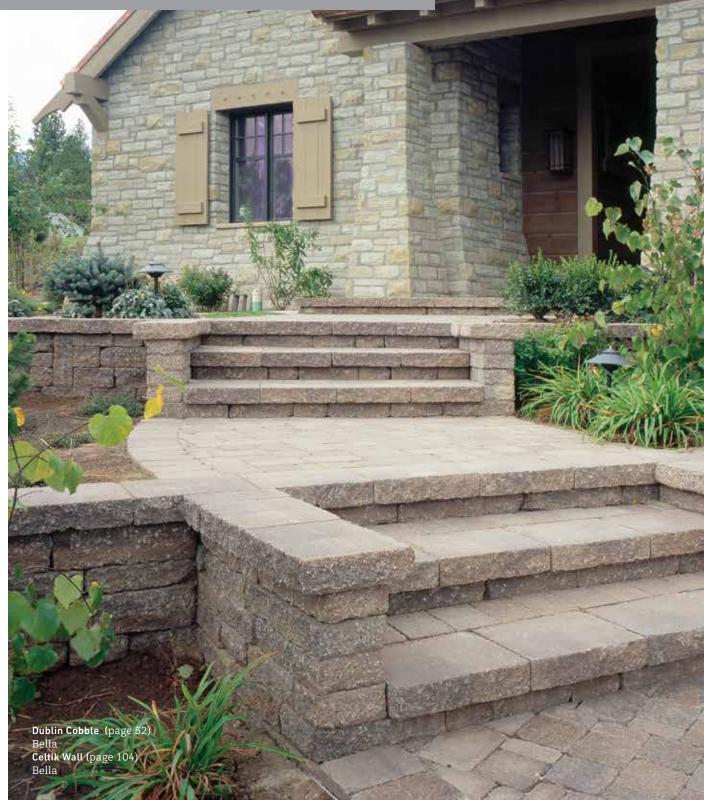

SQUARE: 4 courses - 64 pieces of Weston Universal stones

- Metal round ring is 51¼" diameter with a 3" perimeter lip. The final construction dimension is f57¼" diameter.
- Metal square Insert is 39¼" x 39¼" with final construction dimensions of 44".

Insert the fire-ring into the blocks and check for a snug fit around the top flange. Fill the fire pit with a graded stone or sand to the bottom of the inside flange. Reposition blocks if needed. A few dabs of construction grade adhesive along the outside edge may be used to secure the top two layers of block.

Actual size & color may vary. Check with your local provider for availability and pricing.

## ACCESSORIES

Sealers, Adhesives & Cleaners

Belgard® and Belgard Dealers carry a complete line of quality masonry tools and supplies, along with all the base materials needed to properly install Belgard Paving Stones and Retaining Wall Systems.

Ask your Belgard Sales Representative for a complete list of Belgard Accessories. Below is an overview of accessory options available.

- Edge Restraints
- Geogrid
- Polymeric Sand
- Retaining Wall Pins
- Cleaners
- Sealers
- Adhesives
- U-Start Base Block

#### **Techniseal Products**

- iN Protector for Concrete Pavers (Natural Look)
- CB Protector for Concrete Pavers (Colour Boost)
- WLS Protector for Concrete Pavers (Wet Look)
- JS Joint Stabilizing Protector
- Paver Prep Efflorescence Cleaner
- SR Slurry Remover for Pavers and Slabs

# JOINT SAND BY TECHNISEAL®

#### NO DUST.<sup>+</sup> NO HAZE. NO WASTE.

NextGel<sup>™</sup> is a revolutionary technology that radically transforms the properties and behavior of jointing sand, resulting in the first ever true "no dust<sup>+</sup>", "no haze" and "no waste" sand for a fast and clean installation.

NextGel's optimal strength makes it ideal for every hardscape project, including natural stone, textured or clay pavers and porcelain tiles.

- Heavy-sloped and high-traffic areas
- High-humidity areas and pool decks
- Commercial, residential and public projects
- False or wide joints from 1/16" to 4"

# TECHNICAL SPECIFICATIONS

## EASY REFERENCE

Belgard® provides product specifications, square footage and pallet information to make planning for your project easier.

# Understanding the Process

Belgard<sup>®</sup> will improve the beauty and value of your home. But like any construction project, it's worthwhile to have as much information as possible before you begin the process. With that in mind, this next section is dedicated to helping you make the best decisions and understand what to expect before you get started with your project.

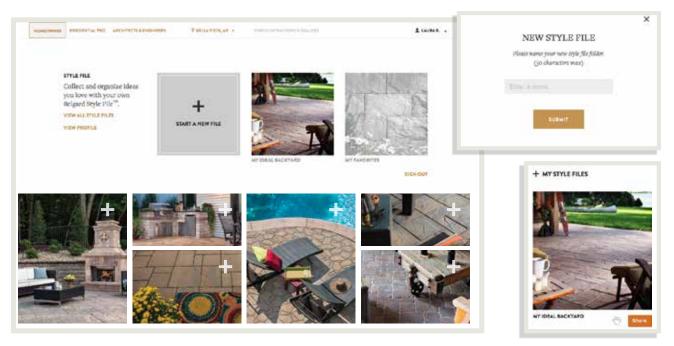

# Inspiration

Every project begins with an idea, a dream. Belgard<sup>®</sup> products are designed to last the lifetime of your home, so before you begin it's important to explore the options that are available. Learn whats possible so that you can develop and nurture that dream into an outdoor space that truly mirror your personal style.

# Create Your Online Style File

With your **Belgard Style File**<sup>™</sup>, you can peruse our Belgard.com inspiration galleries to collect and organize the outdoor hardscape ideas that speak to you. Gathering images of your dream patio or outdoor space will illuminate and help define your ultimate design. Later, you can share your Style File with your contractor to bring your hardscaping ideas to life.

Create and name multiple Style Files to organize images and products in various ways. For example, make one Style File for "Fire Pit Ideas" and another for "Outdoor Kitchens", whatever is important to you. Simply click on any plus sign throughout the website to add a product or image to one of your Style Files. Every Style File can be saved online and shared through email or social media.

## Looking for More Inspiration?

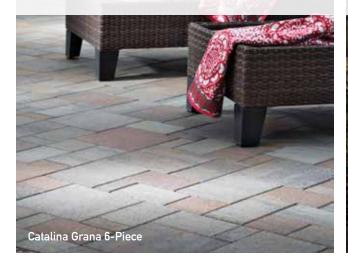

In addition to the Belgard Style File, Belgard provides a variety of other avenues to help nurture your dream so you can design and create the ideal outdoor living space. In addition to this catalog, Belgard offers a free Idea Book, which can be ordered from Belgard.com, that offers pages of exquisite outdoor living designs. We also invite you to visit our Pinterest and Facebook pages for a showcase of online design ideas. And for a variety of tips on both designing and living in your outdoor living space, visit the "Outdoor Living by Belgard" blog at **Belgard.com/blog**.

# **Outdoor Design Basics**

Creating your outdoor space begins with navigating through the variety of products you have to choose from. The fun starts with narrowing those products down based on a few personal style choices to bring your ultimate product selection into focus. Below is a simple guide on what style cues to consider when choosing your hardscape products:

# Colors

Pavers come in neutral and natural tones such as grays, tans, reds, ivories and blends of each. They can work to complement or harmonize with your existing color schemes. Pick what you love, but also understand your vision so you pick tones with intent.

### Textures

Paver textures can help you subtly accent your design scheme. Our pavers come in several different textures —including smooth and contemporary options, natural stone textures and rustic antiqued textures.

### Shapes

Paver shapes have evolved over time. Once simple rectangular stones, they now come in a wide assortment of sizes and shapes that can be mixed to look natural or to create geometric patterns. Belgard specializes in irregular shapes that combine to form a less structured stone or flagstone appearance.

# **Borders & Accents**

Once you have selected your primary paver, don't forget to finish the space with borders and accents. You can really show your style and choose to match, complement or contrast your primary paver selection. Have fun with the process and make your space one-of-a-kind.

# Visualize Your Project

Belgard's online **Project Visualizer** allows you to be your own hardscape designer. Choose from our image library of patios, driveways and walkways, or upload your own photo to experiment with paver styles and colors and explore an infinite number of design possibilities.

#### Option 1: Using the Image Library

Select an image, then simply click on a paver field to highlight it and change the paver style, color or laying pattern. It's as simple as pointing and clicking, with easyto-understand navigation.

#### Option 2: Create Your Own Design

Upload a photo of your driveway or backyard, then follow the toolbox instructions to outline and create fields where you'd like to install pavers. Experiment with a variety of paver styles and colors, create contrasting borders, vary the laying patterns – have fun creating your own design!

#### Save & Share Your Designs

Additional tools allow you to save and compare different versions, as well as share your ideas through email or social media.

### Project Phasing

If you have a large project and would like to phase out construction over time, be sure to plan the entire design before you get started so that you can plan for any future electrical, plumbing or drainage needs.

### Belgard® Preferred Payment

Instead of phasing the project out over months or years, talk to a **Belgard Authorized Contractor or Dealer** about building now and paying later with same-as-cash financing that allows you to spread out the expenditure instead of the construction. There are often construction economies that can be achieved by doing the entire project at once, which could save you both money and time. Plus, you get to start enjoying your dream outdoor living space much sooner!

# Selecting a Contractor

A hardscape project is an important investment in your home, and selecting the right contractor is a critical decision. Don't be afraid to ask a lot of questions. It's important that you get to know your contractor so that you can work together as a team to create your ideal outdoor living space.

### What to Ask

- Installing hardscapes is a SPECIALIZED SKILL that requires training and experience. Inquire about specialized certifications and training from organizations like the Interlocking Concrete Paver Institute (ICPI). All **Belgard® Authorized Contractors** are required to have at least one team member who is ICPI certified and must meet annual requirements to maintain the company's "authorized" status.
- Ask for CUSTOMER REFERENCES and to see photos of past projects, both for design ideas and to get a sense of the contractor's level of creativity, expertise and work ethic. Ask for an address or two and check out the workmanship up close, with the homeowner's permission of course.
- Determine upfront which aspects of the project the contractor can handle. Will their team manage aspects like LANDSCAPING, PLUMBING, IRRIGATION AND LIGHTING or will you be expected to handle this separately?
- Be sure to get a complete understanding of PAYMENT TERMS and estimated start date and turn-around time.
- It important to hire a contractor who can provide PROOF OF INSURANCE and is able to guarantee their work for a period of at least one year after the installation.

Cł	ecklist for Contractor:				
	Industry Certification (ICPI, NCMA, SRW)	Work Schedule			
	Proof of Insurance	Price Estimate			
	Workmanship Guarantee (at least one year)	Scope of Work/Contract			
	Business License/Contractor's license (where applicable)	Referrals			
	To find a Belgard Authorized Contractor or Dealer visit <b>Belgard.com/locator</b>

### What to Expect

Before breaking ground, it's important to see a design sketch so that you and the contractor are both on the same page. If your contractor uses the **Belgard® Design Studio**, you can see photorealistic 3-D images, which will give you an idea of how your space will look.

The Belgard Design Studio can transform photos of your space and a design sketch from your contractor into realistic imagery of your future outdoor living space, taking into account existing structures and landscaping, as well as future furniture placement and lighting. To see samples of existing 3-D designs, visit **Belgard.com/DesignStudio**.

# **Project Considerations & Timeline**

All outdoor projects are subject to weather conditions, so even with the best plan, there could always be delays. The timeline for your hardscaping project depends on several factors including the size and scale of the project, permitting needs (which vary by municipality), and the acceptance of any community organizations, such as homeowner associations or architectural review boards. It's also a good idea to check with your contractor to ensure that all items being installed are readily available and don't require a long lead time.

All things considered, the general project should be conducted in phases, which include but are not limited to: demolition, site preparation, base material installation, bedding sand installation, hardscape installation, joint sand installation, and then followed by additional paver cleaning and sealing. Be sure to discuss any construction phases that might be disruptive to your neighbors so that you can communicate that information to them as needed.

After the installation, be sure to do a final walk-through with your hardscape contractor to ensure that everything covered in the contract is complete, and you are satisfied with the work.

# Installation Process

Paver installations require that the designated area is cleared by removing any existing grass or plants and digging an area deep enough to account for the base layer, sand and pavers.

### BASE

Pavers are installed on a compacted granular aggregate which should be between 4 and 6 inches deep. The depth of the base layer is influenced by the soil type and application. The base layer should be leveled and compacted firmly, and will safeguard against the pavers shifting or settling.

### **BEDDING SAND**

Once the base is in place, a layer of sand is added and leveled or screeded. Bedding sand plays a critical role in ensuring proper interlock between the pavers and allowing for a smooth surface. Bedding sand should be at least 1-inch deep and spread evenly across the base material.

### JOINT SAND

Pavers are laid on top of the leveled sand. Joint sand is then swept into the joints between the pavers, and a compactor can be used to ensure the sand is evenly distributed into the joints. Joint sand helps to further lock the pavers in place and plays a critical role in keeping debris and weeds out of the joints.

# **Product Quality**

Belgard's manufacturing processes are world-class, using only quality materials to produce hardscapes that resist breaking and fading and will provide lasting beauty for your home. We proudly stand behind our products with a lifetime transferable limited warranty. You can relax knowing that once your Belgard® hardscape is installed by an authorized contractor, it's warrantied for as long as you own your home. The warranty can also a transferable asset when you sell your home.

### Good Housekeeping Seal

Belgard is the only hardscape manufacturer to be backed by the Good Housekeeping Seal, the most recognized distinction of product quality in the home improvement industry. In addition to the limited lifetime warranty through Belgard, Good Housekeeping offers a limited two-year warranty on all products that carry the Seal.

# Long Term Care & Maintenance

Even though Belgard<sup>®</sup> pavers are extremely durable and come with a lifetime structural warranty, seasonal maintenance is encouraged to preserve the beauty and integrity of your hardscape installation.

### **GENERAL MAINTENANCE**

Clean your pavers each Spring with a coarse-bristle "stable" broom and a paver cleaner to keep them looking like new. Be careful when cleaning your Belgard pavers with power washers as the force of the spray can damage the aggregate under the paver's surface.

### **TECHNISEAL® CLEANERS & SEALERS**

Part of the Oldcastle<sup>®</sup> family of architectural products, Techniseal has been a world leader in joint sand stabilization and paver maintenance products for over 30 years and is the preferred brand for use with Belgard pavers. Techniseal offers the ideal suite of cleaning and sealing products to ensure the lasting beauty of your Belgard installation for years to come.

### RETAIN

If you love the appearance of your Belgard pavers just the way they are, we have the sealer to preserve that aesthetic and protect against stains.

### ENHANCE

If you prefer the inner beauty that is revealed when your Belgard pavers get wet, we have sealers to provide that look in both matte and gloss finishes.

#### APPLICATION

Professional application is recommended in order to ensure the best longevity of Techniseal maintenance products. Proper surface preparation and thorough and even coverage of a sealant will guarantee the longest life possible. Reapplication should occur every 3-5 years, depending on weather, use and the sealer selected.

#### PERMEABLE PAVERS

Permeable pavers can be maintained in much the same way as standard pavers. The primary difference is that instead of using joint sand, permeable paver joints are filled with fine aggregate that allows rainwater to drain into the joints. If the joints have become clogged with debris, affecting water infiltration, the joints should be vacuumed and re-jointed with aggregate.

# **ABOUT US**

At Belgard®, our uncompromising quality and craftsmanship sets the standard for hardscapes, landscape design and innovation. Our products combine weatherresistant beauty and long-lasting durability to create captivating outdoor spaces that last for decades with minimal maintenance. And our remarkably natural look and feel is unrivaled in the industry.

Since 1995, our locally made and nationally backed products have transformed thousands of residential and commercial properties across North America. With more shapes, styles and textures than any other brand, Belgard's outdoor living paving and wall products aren't just functional, they infuse outdoor spaces with distinctive atmosphere and style.

Every day, our network of Belgard Authorized Dealers and Contractors helps customers realize their outdoor dreams. And every year, we strive to improve our product and service offerings by dedicating more than 20,000 hours to research and development. By staying ahead of design trends, we are able to provide designforward products that homeowners envision for their backyard spaces.

All of our outdoor products—when installed by a Belgard Authorized Contractor are covered by a transferable lifetime limited warranty. That's just part of our commitment to lasting outdoor beauty.

Let today be the start of something new ...

### PEACE OF MIND, GUARANTEED

Lifetime Transferable Limited Warranty

Oldcastle Architectural, Inc. ("Belgard") is proud to inform you that all of our interlocking concrete paver and retaining walls ("Products") meet and/or exceed the requirements of ASTM C-936 and ASTM C-1372. Belgard guarantees its Products against these standards for the lifetime of the Product defined by ICPI. This guarantee does not apply to splitting, chipping or other breakage that could be caused by impact, abrasion or overloading. This warranty is transferable. *The original proof of purchase is required*.

This warranty is only valid if the material is installed under the guidelines of the ICPI (www.ICPI.org), The NCMA (www.ncma.org) or the Belgard Installation Guideline Manual. Improper installation voids this warranty. This warranty is for residential applications only and does not apply to commercial applications. It is recommended that the job is installed by a Belgard Authorized Contractor who guarantees their workmanship for a minimum of 2 years from the date of install.

For warranty service, contact Belgard at 1-800-BELGARD. A service representative will investigate your claim within 10 business days. If the Belgard Product fails to meet the specifications, Belgard will replace the defective product at no charge. Color matching cannot be guaranteed. Belgard will not be responsible for any replacement labor, consequential damages or incidental damages. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE. SOME STATES DO NOT ALLOW FOR THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.
